MRC GIGACOMP
specialists in RF

Lieferantenübersicht Komponenten

	A1 Microwave	Amotech	Amphenol Antennas	Anatech	Antenna Research (ARA)	API Weinschel	Barry	CEL California Eastern Labs	Corning	Corry Micronics	CTS	Diamond	Erzia (Space)	Galtronics	Innovative Power Products	JQL	MwT (Microwave Technology)	Noletec	OMMIC	Pasternack	Qorvo	Rosenberger Micro-Coax	SRTec	Tagore	Tecdia	Teledyne Microwave Solutions	Times Microwave Systems	Yantel	Wei Bo	Z-Communications
Amplifiers (MMIC)							■					■				■	■	■	■	■										
Amplifiers (Subsystem)									■			■				■	■		■	■					■					
Antennas		■	■		■				■				■						■											
Attenuators, Terminations						■	■		■					■				■	■	■					■			■		
Bias Tees			■																■											
Cables, Connectors			■					■											■		■					■				
Capacitors, single Layer Chip,																								■						
Ceramic Materials, Resonators																						■								
Couplers, Power Dividers									■					■	■				■	■								■		
Di-, Du-, Multiplexers	■	■	■	■					■	■					■				■			■			■					
Filters	■	■		■					■	■					■				■	■					■					
Frequency Converters																			■											
Isolators, Circulators															■				■						■					
Limiters, Detectors																			■									■		
Mixers, Converters																			■	■										
Noise Sources																			■											
Optical Components																			■	■										
Oscillators, VCOs, Synths																			■	■					■					■
PCB RF Multilayer																									■					
Phase Shifters																			■											
Resistors, Power Resistors						■																								
Rotary Joints											■																			
Quartzes, VCXOs, OCXOs, Xos										■																				
SAW, BAW Filters and Delay Lines				■																■					■					
Switches, Switch Matrices					■		■		■									■	■	■			■		■			■		
Subsystems					■							■													■					
WiFi Frontend Modules, PAs, Switches																				■										
Temp. compensated Attenuators				■				■																				■		
Transistors, FET (GaAs, GaN)							■									■	■			■										
Waveguide Components	■								■			■			■				■											
YIG Oscillators & YIG Filters																									■
